

# PDC BITS

## DIRT DIGGER PDC BITS

# 6 1/2" KDC536DD

### Applications:

- Cost effective PDC drill bit ideally suited for mining, construction, fiber optic, water well, geothermal and shallow oil & gas drilling.
- Tapered parabolic profile design offers an optimal combination of cutter protection and ROP capabilities for a variety of formations and drilling conditions.
- PDC bit advantages over a traditional roller cone bit include longer bit life, smoother drilling operations and increased penetration rates.

### Design Features:

- 3D designed one-piece 4140 alloy steel body is CNC machined to exact design specifications for maximum blade and body strength.
- Optimized cutter distribution profile for blade count, cutter quantity, drilling conditions and bit stability.
- Tungsten Carbide hardfacing in critical areas for increased erosion and abrasion resistance.
- Force-Balanced PDC cutter locations minimize bit whirl and drill a precise round hole.
- Asymmetrical blade layout reduces drilling harmonics.
- Premium Grade PDC cutters.

Part Number .....	2008634
Gage Length .....	1.38 in.
Overall Length .....	12.61 in.
Box Dimensions .....	9 in. x 9 in. x 15 in.
Shipping Weight .....	36 lbs.
Pin Connection .....	3-1/2" API Regular
Fishneck Diameter .....	4.75 in.
Fishneck Length .....	3.17 in.
Make-Up Length .....	7.23 in.
Make-Up Torque .....	7,700 to 8,600 ft-lbs
Face Cutters .....	13 @ 16mm PDC
Gage Cutters .....	3 @ 13mm PDC
Nozzle Type .....	6 @ 1/2" fixed ports
TFA .....	1.18 in <sup>2</sup>
Weight on Bit (WOB) .....	3,000 to 15, 000 lbs.
Rotary Speed (RPM) .....	60 to 150 RPM
